

Service 42 - Diversion

Thames Water need to completely close The Street in Hascombe to traffic, to enable long-overdue replacement of the water main, between Mare Lane and The White Horse pub.

This will be from 19 August until 13 Sept 2019.

Due to the nature of local roads and the length of detour that would be required, it will be impossible to maintain service 42 in its complete form or to maintain the normal timetable, whilst The Street in Hascombe is closed. Compass Bus will therefore operate the 42 service for the duration in three separate segments:

- Guildford to Busbridge (Home Farm Road) via Farncombe and Godalming.
- Godalming town centre to Hascombe (Mare Lane) using a minibus - a FREE service direct to/from Godalming.
- Hascombe (White Horse) to Cranleigh via Dunsfold, Alfold Crossways and Elmbridge Retirement Village.

Timetables are available from your driver and details will also be posted at bus stops and on the Surrey County Council and Compass Bus websites.

Compass Bus and Surrey County Council are extremely grateful to Thames Water who are funding additional operating costs, including the provision of the minibus to allow the area of Hascombe at the north end of the road closure to continue to receive a bus link to Godalming.
